The proceeds from this event are used for the benefit of children who we take to the Shrine Circus. The idea of a special free Shrine Circus performance for school children was conceived by members of the Mounted Guard several years ago. They had presented their precision drill as a part of the county fair program and they noticed how very much the kids enjoyed the entertainment. The thought came to them that the kids would really go for a circus. As a result, this special circus performance became a reality. During the years the attendance has grown to approximately 10,000 kids. We know that the kids have fun at the performances and we know that they enjoy every minute of it.
